ABOUT ME

Hey! I'm a creative and driven student with a passion for building digital solutions that actually work and make a difference. I've got a solid foundation in C++, software development, and web development. Understanding frameworks I'm always curious, constantly learning, and excited to build things that help.

EXPERIENCE

**WEB DEVELOPER / WEB MANAGEMENT
(INTERNSHIP) MARCH 2ND – MAY 1ST**

Assisted in the development of websites for real-world clients. Managed and updated content on websites.
